

DESIGN AND ARCHITECTURAL SERVICE

9/3/03

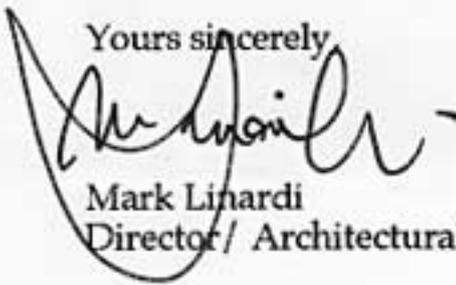

To whom this may concern

Re: Wayne Dobson - Builder
2 Hyland Court
Berwick Victoria
3806

This is to confirm that Wayne Dobson has worked as the principal builder on numerous projects designed by our company over the last 12 years. The developments ranged from small house extensions, housing units to large mansions. The largest project was a residence at 1 Howrah Point Tasmania with a project value of \$1 500 000. To his credit, Wayne proved his ability to produce innovative, efficient and economical building solutions during our association, displaying a high quality of workmanship.

It is therefore with pleasure and with no hesitation that I would recommend Wayne for other building projects or related service.

Yours sincerely

Mark Linardi
Director / Architectural Design Consultant
